Quick Summer Update: A Hot Travel Season

"After this, Paul left Athens and went to Corinth..." Acts 18:1

From Bob:

I love reading the book of Acts! It's an action-packed, fast-paced historical thriller! And you know I love history! The way this summer is shaping up, I almost feel like I'm living in one of those pages from the early church. We had a wonderful 2 weeks in Dures, Albania meeting with the Europe and Mediterranean Region team and with global leaders from Converge International Ministries. It was a great time of encouragement, strengthening, and renewal.

The day after we returned, Carol left for Phoenix, where she is helping John and Kefei with their two boys, Declan and William, while John transitions to a new job as a Process Engineer with Intel Corporation. First he has 6 months of training in Oregon, then they will relocate to Albuquerque, New Mexico sometime around the end of the year. Here's an update on my upcoming travel. Please pray for us as we spend the next few months apart. For Carol as she serves John and his family, and for me as I serve mom and travel. If you're in one of these areas, I'd love to see you!
